

How to get to Tower Hill House from the end of the Great Ocean Road, and from Warrnambool on the Princes Highway

If you travel via the Princes highway or the Great Ocean Road, you will end up on the Princes highway just before Warrnambool. To find Tower Hill House...

Continue on through Warrnambool towards Port Fairy... through about 12 sets of traffic lights! A few kms out of Warrnambool you come to a dual track overtaking lane - and then immediately after that a 2 km single track straight, at the end of which you will see several traffic signs (indicating right, and Koroit). One of those signs reads TOWER HILL HOUSE.

So, at Lakeview road, turn right. After 50 metres you'll see another pointer sign for Tower Hill House. So then turn left at Bimberdong lane, where you will see the Tower Hill House signage.

Drive up 250 metres to the end of the lane, and turn sharp left as you come in through the gate. Follow the track round and park on the west side of the house, in front of the wood pile - the front door is then just to your right on the veranda. The front door will be unlocked and the key hanging inside. Looking forward to meeting you!
